Presents Technological Update On

Cyber 4 All

“A Secure and Inclusive Cyberspace for Sustainable Development”

By

Dr. Parshuram Singh (HOD, Department of Engineering Physics & Ist Year In-charge)

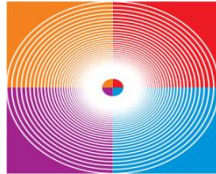

&

Dr. Arun Sharma (HOD, Department of Engineering Chemistry)

Introduction:

It is concerned to 5th GCCS 2017 (23-24 November, 2017) in which participated 135 countries, 800 foreign delegates and 100 speakers. **Cyber Space** is a prestigious global event where international leaders, policymakers, industry experts, think tanks, cyber wizards etc gather to deliberate on issues and challenges for optimally using cyber space on the following themes.

- 1. CYBER 4 GROWTH:** - Transformed role of Governments- Regulator to Enabler leading to technology led inclusive and sustainable growth.
- 2. CYBER 4 DIGITAL INCLUSION BRIDGING THE DIGITAL DIVIDE:**-Empowering by Technology led Inclusiveness.
- 3. CYBER 4 SECURITY:** - GUIDING global collaborations and partnerships essential for ensuring a safe and secure cyber space
- 4. CYBER 4 DIPLOMACY:** - Diplomacy in Digital Age.

This logo takes inspiration from Indian philosophy and the Sanskrit term ‘Bindu’, meaning a small 'dot' or a 'point'. The powerful ‘Bindu’, a sacred symbol of the cosmos, signifies a point or the source of energy: centre of creation and existence progressing towards forms and color as well as energy, sound, space and time. Our academic / institutional partners are (Indian Institute of Science, IIT, Delhi, IIT, Madras, IIT, Kharagpur, IIT, Kanpur, IIT, Guwahati, IIT, Bombay, Faculty of Management Studies DU, UNESCO, Amity University, & NCIIPC) in this mission.

Keywords: Cyber 4, space, Growth, Digital inclusion, Security, sustainability & Bindu

Goal:- The goal of Cyber space is to promote an inclusive it's with focus on policies and frameworks for inclusivity, sustainability, development, security, safety & freedom, technology and partnerships for upholding digital democracy, maximizing collaboration for strengthening security and safety and advocating dialogue for digital diplomacy.
